

 **VOLKSWAGEN**
CADDY
LIFE
REAR PASSENGER SOLUTION

Combining space, luxury, safety and quality the Caddy Life is styled to not only look great, but to work hard too. Offering great performance and economy with a 2.0 TDi engine in both manual and DSG (Auto). The dual side sliding doors gives users easy accessibility and also offers a comprehensive standard specification, the Caddy Life is ideal for users who desire more.

The standard seating layout gives you two seats plus rear wheelchair passenger. However, this conversion allows for the second row passenger bench seat to be retained, giving the user the option of five seats when the wheelchair position is not required. Depending on the size of the wheelchair, a single passenger seat may be used.
